

Account Information for Direct Deposit and Other Electronic Transfers (ACH & Wire Transfers)

When setting up electronic transfers (also known as “ACH transfers”) to/from one of your Quorum accounts, please use the following account number formats to ensure the funds are deposited/withdrawn appropriately:

- **For savings accounts:**

Provide your account number (also known as your member number) and suffix without dashes. (For example, if your account number is 123456 and your savings account suffix is 00, you would use 12345600.)

Not sure what your account suffix is?

- Contact us at **(800) 874-5544**, Monday through Friday, 8:30 a.m. – 7:00 p.m. ET for assistance.
- You can also view your suffix(es) in online banking at **quorumfcu.org**. The suffix is the two-digit number listed after the dash in the number under each account name.

- **For checking accounts:**

Provide the 14-digit account number at the bottom of your Quorum checks beginning with 1594 (e.g., 15940123456901). (You don’t need your account number or suffix.)

Our ABA Routing and Transit Number is 221981335.
